 - → 5 years from 2025
- Shorter periods for specific pathologies
 - cf. French 'Grille de référence'
- Obligation to declare cancer even when >8y ago
- Shorter period of 5 years for those diagnosed <21y old
- Evaluation of 'reference table' every 2 years

R2BF Belgium: disability insurance

- General period of 8 years after successful end of treatment + *no disability caused by cancer*
 - → 5 years from 2025
- 5 years when diagnosed <21y old
- Obligation to declare
- Shorter periods for specific pathologies
 - → TBD

R2BF EU

- Creating common basic principles of R2BF
 - General period
 - Shorter period for diagnosed <21y old
 - No need to declare after that period
- Look further than outstanding balance insurance
- Other types of insurance
- Broader application of principle: e.g. adoption
